OFFICE OF CENTRAL REFERENCE

INSTRUCTIONS:

You are requested to complete this form and mail it to the address above within three working days from receipt of the report it covers, i.e. immediately following the first screening you give it.

Your contribution to guidance for further collection and reporting can thus become effective as soon as possible. It also assures that the report will become retrievable under ISC codes not initially assigned.

The form will also be used to guide the dissemination process. It permits you to indicate, for example, that you should not be bothered with further disseminations on the subject in general, or that, from your point of view, further specific collection effort in the same direction should cease.

If your answers are not forthright, conclusions cannot be drawn, and the glut of paper which gives rise to this "feedback" system will continue to engulf you and your colleagues.

Use of this form in no way substitutes for substantive evaluation, either at your initiative or upon request of the collector. Use Form 39 for these. Please understand that an evaluation is useful to the collector, and thus to you in terms of better reports later, only if it is promptly written and dispatched. You may attach it to this sheet, or mail it separately.
